

Name: _____

PLOT PLAN

Permit No.: _____

Address: _____

Map No. _____ Lot No. _____

It is suggested that the squares be used as a scale so that all information is in the same proportion. The following should be shown or submit site plan.

1. Approximate outline of structure
2. Closest distance from structure to property line; if the lot is irregularly shaped, indicate approximate shape.
3. Abutting streets.
4. Proposed location of well or water line and inland wetlands boundaries.
5. Driveway
6. Curtain drains, if any.
7. Septic tank and leaching fields must be indicated in relation to proposed additions, pools, sheds and decks.
8. Location of oil tank (if located outside of structure) and in-ground swimming pools.

Any outstanding topographical features, such as ledge outcroppings, ponds, swamps, streams, gullies, steep slopes, large trees, etc.
